

## **Pre-drill Checklist**

1. Read the Plan of the Month (POM) thoroughly. Identify the location of the drill and what uniform/uniform items are needed for drill.
2. Inspect your uniforms to ensure they are clean and inspection ready. This includes clean cover, ribbons in order, and neckerchief tied correctly.
3. Polish boots and dress shoes.
4. Get a haircut that is within Sea Cadet Regulations.
5. Report to the doodle poll with your attendance. If you have questions, contact your Squad Leader.
6. Do not wait until the last minute to prepare your seabag for drill. Give yourself plenty of time to get your equipment in order to ensure you are prepared.

**Use common sense and situational awareness. Example: If it looks like it's going to rain, do not wait for someone to tell you that you will need a parka. Cadets are responsible for preparing themselves for drill.**
